Count the Colored Cars!

Record how many cars you see in the colors listed below. Whoever spots the most colors by the end of the car ride, wins!

Blue																															
Red																															
White																															
Yellow																															
Green																															
Orange																															
Purple																															
Black																															
Pink																															
Brown																															
Silver																															
Multicolored																															

What color was seen the most? What color was seen the least?

Keep a copy of your worksheet and do the activity again another time. Was there any major difference in the colors you spotted?
